CASTRO BALKING

WILL NOT PERMIT FRENCH AGENT TO LAND.

DEFIES FRANCE'S PROTEST

IGNORES THOSE WHO VOUCH FOR M. SECRESTAT.

FRANCE EXPECTED TO ACT

QUIET REPORTED IN INTERIOR OF COLOMBIA.

Willemstad, Island of Curacoa, Jan. 24.—In spite of the protests made by the French consul, President Castro has sustained the action of the Venezuelan authorities at La Guaira, who refused to permit M. Secrestat, jr., of Bordeaux, to land, although the government had previously assured the consul that the traveler might debark. It is held by the authorities that while the French line steamer St. Laurent, on which M. Secrestat was a passenger, was at Fort-de-France, Island of Martinique, or at the island of Trinidad, he conferred with General Matos, the revolutionary leader. The consul made inquiries on the subject which established the fact that General Matos was not at Martinique or at Trinidad when the St. Laurent touched at those islands, but was off the Venezuelan coast, on board the revolutionists steamer Libertador. All the passengers of the St. Laurent, and notably the secretary of the Spanish legation at Caracas, assert that the behavior of M. Secrestat was always most correct, and that he did not see General Matos.

It is claimed that this incident makes it necessary for the French government to take the steps necessary to cause French citizens to be respected, and it is believed that the French cruisers Tage and Suchet, now at Fort-de-France, will receive orders to go to LaGuira.

The French cruiser D'Estrees is at Carupano, a seaport town in the state of Bermudez, Venezuela.

M. Secrestat, jr., the son of a merchant of Bardeaux, France, arrived at LaGuira January 14, with the intention of going to Caracas to protest there against the seizure of the estates of General Matos by the Venezuelan government, the general's property having been legally leased to M. Secrestat, sr. The French government, January 16, cabled to Caracas instructing the French consul there to insist that M. Secrestat, jr., be allowed to land.

OFFICIAL CONFIRMATION.

Paris, Jan. 24.—The French government this afternoon received a cable message from the French consul at Caracas, Venezuela, announcing that President Castro has absolutely refused to allow M. Secrestat, jr., to land in spite of the consul's repeated vigorous protests.

QUIET AT COLOMBIA.

Colon, Columbia, Jan. 24.—The latest advices from Buena Ventura and Bogota report that all is quiet in the interior of the republic.

News has reached Panama that General Porras, one of the insurgent leaders, was wounded on board the liberal steamer Padilla during the naval battle of Monday last in Panama bay.

The government is making proposals to a wrecking company at New York to float the Lautaro, which was sunk in the same engagement. Her guns have already been saved.

Canoes which have arrived at Panama report that General Castro and his forces are at Las Tablas. Several liberals seen in the neighborhood of his entrenchments have been arrested.

Nobody is allowed on the streets of Panama under penalty of arrest, after 10 p. m.

Reinforcements are expected momentarily from Buena Ventura.

Suspicious lights have been seen off the Pacora coast, northeast of Panama, signalling with the shore. It is surmised that revolutionists are trying to land there.

MRS. HARRISON IN DENIAL.

Indianapolis, Jan. 24.—Friends of Mrs. Benjamin Harrison, widow of ex-President Harrison, deny that she has asked those in charge of the movement to grant her a pension not to present the bill to congress. Mrs. Harrison, at her home, 1215 North Delaware street, last night, was asked if she had requested that the bill be not presented. She said:

"No, I have made no such request. I have supposed that congress would accord the same recognition of ex-President Harrison's services by granting to his widow a pension as have been granted to those of other presidents. My desire to give my daughter the same advantages she would have enjoyed had her father lived is my chief thought in the matter."

The movement for the presentation of a pension bill for Mrs. Harrison is in the hands of Senator Fairbanks and Mrs. Harrison's friends will urge that congress be given the opportunity to take action on the bill.

QUINCY BANKER DIES.

SHAKEN BY AN EARTHQUAKE

SOUTHWEST FEELS SEISMIC VIBRATIONS.

St. Louis Much Disturbed by the Convulsion—Felt in Several Other Cities.

St. Louis, Mo., Jan. 24.—Two distinct shocks of earthquake were felt in St. Louis and in many of the adjoining towns a few minutes before 5 o'clock this morning. The first shock was light. The second was more severe. Persons who had slept through the first shock were awakened by the second. The shocks were accompanied by a rumbling sound.

Reports received here show that the shocks were very generally felt throughout the city and suburbs, being of sufficient force to rattle the crockery and swing pictures in residences.

Fred Ruble, the night operator at the weather bureau, whose office is on top of the federal building, felt the shocks very distinctly, but failed to note the exact time. He said both came between 4 and 5 o'clock.

In Clifton Heights, west of the city, the shocks were very severe and residents ran into their yards, fearing their houses would be shaken down.

The shocks were felt distinctly across the river in Illinois, in East St. Louis, Granite City and Venice. In the latter town buildings shook and windows rattled so violently that residents blieved an explosion had occurred in the neighborhood.

IN KANSAS CITY.

Kansas City, Jan. 24.—An earthquake shock was experienced in the northeast extremity of the city early this morning. The movement was slight and no damage resulted.

AT QUINCY, ILL.

Quincy, Ill., aJn. 24.—There was a pronounced earthquake shock here at 4:40 this morning. The seismic disturbance lasted nearly a minute and the oscillation was from east to west. The shaking of walls was perceptible in many brick residences.

The earthquake was felt very distinctly at Alton, Ill. In Belleville, fifteen miles east of the Mississippi, the shock swayed the houses, and because of the fact that the ground is honeycombed by coal mines, people were panic-stricken for a time. However, no damage resulted from the disturbance.

AT ST. JOSEPH.

St. Joseph, Mo., Jan. 24.—A slight earthquake was felt here early today, accompanied by a rumbling noise. The disturbance was but momentary and no damage resulted.

THE ST. LOUIS MYSTERY.

St. Louis, Jan. 24.—The police are putting forth every effort to throw some light on the mysterious murder of Alexander Dean Cooper, the wealthy business man who was killed in a Turkish bath house Wednesday night. After "sweating" Strother, the negro attendant at the bath house, for four hours, without result, Chief of Detectives Desmond decided to take him to the scene of the crime and have him re-enact his movements there on the night in question. The inquest into the death of Mr. Cooper has been postponed until tomorrow.

NAVAL APPRENTICE HOME.

John Baker, a naval apprentice in the United States navy, has been granted a furlough, and is in the city for a visit of several weeks with his parents. He is a son of Mr. and Mrs. John G. Baker, of 347 East Wayne street.

PROBING MERGER

COMMERCE COMMISSION IN SESSION IN CHICAGO.

HILL AND HARRIMAN THERE

RAILWAY GIANTS APPEAR TO GIVE TESTIMONY.

AGREEMENTS ARE DENIED

PROMINENT OFFICIALS ARE HEARD TODAY.

Chicago, Jan. 24.—What is expected to be one of the most interesing sessions of he inter-state commerce commission ever held began here today. The promised presence of J. J. Hill and E. H. Harriman, who are supposed to know all about the community-of-interest plan of the railroads and who were expected to enlighten the commission on various points concerning the plan, brought a crowd of curious people, chiefly traction men, into court.

COMMISSION'S PURPOSE.

It is the expressed purpose of the commission to discover, if possible, what changes, if any, have been created between the general public and the railroads by reason of the "associate management" of the latter. The commissioners desire to find out if the carrying out of the community-of-intasts idea has affected the rate situation in a way contrary to law, or, as claimed, if it is likely to affect the stability and non-discrimination in rates for which the commission has long battled.

Mr. Hill and Mr. Harriman both reached Chicago during the morning and Mr. Hill, accompanid by Mr. Grover, his attorney, came at once before the commission. Chairman Knapp, being appealed to, stated that Mr. Hill would be allowed to testify at a time which would permit him to take a train for New York tonight. Mr. Hill would not talk to reporters who sought an outline of his testimony.

THE FIRST WITNESS.

Darius Miller, first vice president and traffic manager of the Chicago, Burlington and Quincy and former traffic manager of the Great Northern, was the first witness. In answer to questions by Mr. Day, attorney for the commission, Mr. Miller tated that the Burlington was absolutely independent in its operations and in the making of rates.

"Have you received instructions from either Mr. Hill or Mr. Harriman in regard to making rates?" Mr. Day asked.

"I have received none," the witness answered.

Commissioner Prouty asked the witness to what extent the Northern Pacific and Great Northern were competitors and Mr. Miller put the competitive traffic at about 25 per cent. He declared that the Burlingon was not a competitor of the Great Northern and Northern Pacific. He said the two Northern roads had made frequent agreements to maintain rates, but said he knew of no penalty ever having been imposed for violation of agreements.

J. C. Stubbs, traffic manager of the Southern Pacific and the Union Pacific, followed Mr. Miller. Mr. Stubbs stated that E. H. Harriman was chairman of the board of directors of both roads, but that he was appealed to only in extraordinary cases. Mr. Stubbs said no such case had arisen since his appointment and that he had proceeded under his general instructions from Mr. Harriman. He said that rates generally had been fairly well maintained, but that there had been demoralization in Colorado and Utah. He declared that the Southern Pacific and Atchison, Topeka and Santa Fe were competitors.

NO AGREEMENT.

"Is there any agreement between you and the Atchison road as to a division of the oil and sugar traffic?" asked Mr. Day.

"None whatever," replied the witness. "There is division of the orange traffic, but this is due to the fact that about 50 per cent. of the crop is tributary to each line."

The witness averred that the Union Pacific and the Southern Pacific were competitors, although he admitted that he believed the Union Pacific controlled the Southern Pacific. He declared that this control could have no effect on rates owing to the existence of competition.

"A look at the map will show you what this competition is," Mr. Stubbs observed parenthetically.

Further questioning by Commissioners Prouty and Clements merely served to strengthen Mr. Stubbs in his assertion that the joint ownership of his roads had made absolutely no difference in the maintenance or reduction of rates.

At 12:40 the commission took a recess till 2 p. m.

J. J. Hill took the stand at 2 o'clock. Much time was consumed with routine examinations to show his official relations with the Great Northern, Northern Pacific and Burlington companies.

THE BRITISH POLICY.

London, Jan. 24.—Replying in the house of commons today to questions regarding the government's eastern policy, Lord Cranborne, under secretary for foreign affairs, said the occupation of a port on the Persian gulf by Russia or any other foreign power would be inconsistent with the maintenance of the status quo, which it was the policy of the government to maintain there.

In regard to Manchuria, said Lord Cranborne, it was the government's policy to maintain the status quo in China, as determined by treaty.

AMERICANS IN CUBA APPEAL TO CONGRESS.

VAST INTERESTS IN PERIL

MILLIONS OF INVESTMENTS NOW IN JEOPARDY.

HOUSE PASSES CANNON BILL

PROVIDING FOR $500,000 FOR POST IN MANILA.

New York, Jan. 24.—A cablegram was received by the Merchants' association of this city from Havana today as follows:

"Havana, Jan. 23.—American interests in Cuba aggregating about $80,000,000 urge your body to immediately exert every effort possible, through every channel of influence at your command, to have congress grant tariff concessions asked for by Cuban commission in order to save their interests from financial ruin. Every commercial interest in Cuba is jeopardized unless immediate favorable action is taken. With reciprocity, trade with the United States in manufactured articles will increase thirty millions within a year.

(Signed) "The American Club,
"W. A. Merchant, Pres."

The Merchants' association will file the original message with the chairman of the ways and means committee of the house of representatives at Washington. A copy will also be sent to each member of the committee.

IN THE HOUSE.

Washington, Jan. 24.—At the opening of the session of the house today it was agreed that when the house adjourn today it be to meet on Monday next.

The first business in order today was the vote upon the urgent deficiency bill, which came over from yesterday. Mr. Cannon, chairman of the appropriations committee, demanded a separate vote upon the amendment to the bill to appropriate $500,000 for "the protection and shelter of the officers and enlisted men of the army serving in the Philippines." His purpose was to put the other side on record.

Mr. Richardson, the minority leader, sought to meet this demand with a proposition to recommit, but the speaker held that a motion to recommit would not be in order until after the bill had been formally read by title a third time.

"Would it be in order to move an amendment to provide that the president should submit to congress a detailed statement of the expenditures under this appropriation?" then asked Mr. Richardson.

"It would not," replied the speaker. "The previous question has been ordered on the bill and pending amendments to its passage."

The vote upon the Cannon amendment followed. The amendment was adopted—178 to 105.

The republicans voted solidly for the amendment and the democrats against it, with the exception of the following sixteen, who voted for it: Messrs. Cummings (New York), McRae (Arkansas), Taylor (Alabama), Snark (Ohio), Williams (Illinois), Zenor (Indiana), Miers (Indiana), Norton (Ohio), Kern (Illinois), Lindsay (New York), McCulloch (Arkansas), Mahony (Illinois), Foster (Illinois), Fox (Mississippi), Gordon Ohio) and Crowley (Illinois).

Mr. Richardson then moved to recommit the bill, with instructions to amend the amendment so as to provide that the president should furnish or cause to be furnished a detailed statement showing how the appropriation of $500,000 had been expended.

The motion to recommit was defeated—124 to 159. The bill then was passed, after which the house went into committee of the whole to consider private pension bills.

Mr. Cummings was the only democrat who voted with the republicans on this vote.

During the session of the committee of the whole 73 private pension bills were considered. The committee then arose, reported to the house and the bills were passed.

Among the bills passed was one granting a pension of fifty dollars a month to the widow of the late Rear Admiral Philip.

A bill declaring the International railway bridge across the St. Lawrence river near Ogdensburg, N. Y., a lawful structure was passed.

The house then, at 6:10 p. m., adjourned until Monday.

WASHINGTON NOTES.

Washington, Jan. 24.—A bill granting a pension of $5,000 to Mrs. Ida S. McKinley, passed by the senate, has been engrossed and today will be transmitted to the house. Action upon it by the house may be taken promptly.

ATTEMPT ON LIFE OF GRECIAN SOVEREIGN

Vienna, Jan. 24.—The Neue Freie Presse today prints an unconfirmed story of an attempt to assassinate King George, of Greece. According to this report his majesty was walking in the park at Phaleron, when a man, brandishing a knife, rushed upon him. A park inspector jumped between them and received a stab, intended for the king. The would-be assassin was arrested.

Berlin, Jan. 24.—A dispatch to the Lokal Anzeiger from Athens confirms the Vienna report of an attempt on the life of the king of Greece. The man in custody is pronounced to be a lunatic.

BALFOUR DENIES ALL RUMORS OF PEACE

London, Jan. 24.—A. J. Balfour, the government leader, made a comprehensive denial in the house of commons today of stories of negotiations for peace in South Africa. He declared that since the negotiations between Lord Kitchener and General Botha no proposals having in view the termination of the war had been received from any one professing to have the authority of the Boer leaders to make proposals, and that no discussions looking to peace were now proceeding.

BEARERS EN ROUTE WITH MISS STONE'S RANSOM

Seres, Macedonia, European Turkey, Jan. 24.—The bearers of the ransom of Miss Ellen M. Stone and Madame Tsilka, having with them $72,500 reached Demir-Hissar (Roumelia) Jan. 21 and proceeded to the mountains on horseback, accompanied by a strong escort.

HEMORRHAGE NEARLY FATAL

GEORGE HOKE HAS NARROW ESCAPE FROM DEATH.

Severed an Artery in His Hand and Was in Critical Condition Before Blood Was Staunched.

George Hoke, residing at 3 Riverside avenue and employed in the bottling department of the Centlivre Brewing company, cut an extensive gash in his left hand late Thursday afternoon and nearly bled to death before the flof blood could be stanched.

Hoke is employed as a bottler, and while operating the corking machine a piece of the glass bottle was forced into the palm of his hand, completely severing an artery. The efforts of fellow workmen to stop the hemorrhage were fruitless and Dr. Stults was hastily summoned. Some time elapsed before the physician could reach the injured young man and the flow of blood was so extensive that he was in an extremely weakened condition when Dr. Stults succeeded in controlling the hemorrhage. Hoke was removed to his home.

The agricultural department now requires a larger appropriation for its administration than any other department except the treasury.

TREATY IS SIGNED

DANISH WEST INDIES CEDED TO UNITED STATES.

DETAILS ARE KEPT SECRET

PRICE SUPPOSED TO BE ABOUT $5,000,000.

ALL POINTS ARE CONCEDED

NO STIPULATIONS AS TO THE RIGHTS OF CITIZENS.

Washington, Jan. 24.—The treaty of cession of the Danish West India islands from Denmark to the United States was signed at the state department today by Secretary Hay and Constantine Brun, the Danish minister. The treaty will be submitted to the senate for ratification immediately.

Following the invariable rule in such cases, the state department officially declined to make public any of the details of the treaty, so that it is not possible to state positively the price to be paid, though this is believed to be in the neighborhood of $5,000,000. It is known also that Denmark has abandoned the position she was inclined to occupy toward the conservation of the political rights of the inhabitants of the island, and leaves the United States a free hand to deal with them, without pledge of American citizenship or of free trade privileges. So it is assumed that the status of the Danish West Indian islands, politically and commercially, should the treaty be ratified, will be similar to that of Porto Rico. Having gained these points in the negotiations, the state department officials believe that the treaty is certain to receive the approval of the United States senate.

THE FIRST WITNESS.

Darius Miller, first vice president and traffic manager of the Chicago, Burlington and Quincy and former traffic manager of the Great Northern, was the first witness. In answer to questions by Mr. Day, attorney for the commission, Mr. Miller tated that the Burlington was absolutely independent in its operations and in the making of rates.

"Have you received instructions from either Mr. Hill or Mr. Harriman in regard to making rates?" Mr. Day asked.

"I have received none," the witness answered.

Commissioner Prouty asked the witness to what extent the Northern Pacific and Great Northern were competitors and Mr. Miller put the competitive traffic at about 25 per cent. He declared that the Burlington was not a competitor of the Great Northern and Northern Pacific. He said the two Northern roads had made frequent agreements to maintain rates, but said he knew of no penalty over having been imposed for violation of agreements.

J. C. Stubbs, traffic manager of the Southern Pacific and the Union Pacific, followed Mr. Miller. Mr. Stubbs stated that E. H. Harriman was chairman of the board of directors of both roads, but that he was appealed to only in extraordinary cases. Mr. Stubbs said no such case had arisen since his appointment and that he had proceeded under his general instructions from Mr. Harriman. He said that rates generally had been fairly well maintained, but that there had been demoralization in Colorado and Utah. He declared that the Southern Pacific and Atchison, Topeka and Santa Fe were competitors.

NO AGREEMENT.

"Is there any agreement between you and the Atchison road as to a division of the oil and sugar traffic?" asked Mr. Day.

"None whatever," replied the witness. "There is division of the orange traffic, but this is due to the fact that about 50 per cent. of the crop is tributary to each line."

The witness averred that the Union Pacific and the Southern Pacific were competitors, although he admitted that he believed the Union Pacific controlled the Southern Pacific. He declared that this control could have no effect on rates owing to the existence of competition.

"A look at the map will show you what this competition is," Mr. Stubbs observed parenthetically.

Further questioning by Commissioners Prouty and Clements merely served to strengthen Mr. Stubbs in his assertion that the joint ownership of his roads had made absolutely no difference in the maintenance or reduction of rates.

At 12:40 the commission took a recess till 2 p. m.

J. J. Hill took the stand at 2 o'clock. Much time was consumed with routine examinations to show his official relations with the Great Northern, Northern Pacific and Burlington companies.

THE BRITISH POLICY.

London, Jan. 24.—Replying in the house of commons today to questions regarding the government's eastern policy, Lord Cranborne, under secretary for foreign affairs, said the occupation of a port on the Persian gulf by Russia or any other foreign power would be inconsistent with the maintenance of the status quo, which it was the policy of the government to maintain there.

In regard to Manchuria, said Lord Cranborne, it was the government's policy to maintain the status quo in China, as determined by treaty.

MILLIONS OF INVESTMENTS NOW IN JEOPARDY.

HOUSE PASSES CANNON BILL

PROVIDING FOR $500,000 FOR POST IN MANILA.

New York, Jan. 24.—A cablegram was received by the Merchants' association of this city from Havana today as follows:

"Havana, Jan. 23.—American interests in Cuba aggregating about $80,000,000 urge your body to immediately exert every effort possible, through every channel of influence at your command, to have congress grant tariff concessions asked for by Cuban commission in order to save their interests from financial ruin. Every commercial interest in Cuba is jeopardized unless immediate favorable action is taken. With reciprocity, trade with the United States in manufactured articles will increase thirty millions within a year.

(Signed) "The American Club,
"W. A. Merchant, Pres."

The Merchants' association will file the original message with the chairman of the ways and means committee of the house of representatives at Washington. A copy will also be sent to each member of the committee.

IN THE HOUSE.

Washington, Jan. 24.—At the opening of the session of the house today it was agreed that when the house adjourn today it be to meet on Monday next.

The first business in order today was the vote upon the urgent deficiency bill, which came over from yesterday. Mr. Cannon, chairman of the appropriations committee, demanded a separate vote upon the amendment to the bill to appropriate $500,000 for "the protection and shelter of the officers and enlisted men of the army serving in the Philippines." His purpose was to put the other side on record.

Mr. Richardson, the minority leader, sought to meet this demand with a proposition to recommit, but the speaker held that a motion to recommit would not be in order until after the bill had been formally read by title a third time.

"Would it be in order to move an amendment to provide that the president should submit to congress a detailed statement of the expenditures under this appropriation?" then asked Mr. Richardson.

"It would not," replied the speaker. "The previous question has been ordered on the bill and pending amendments to its passage."

The vote upon the Cannon amendment followed. The amendment was adopted—178 to 105.

The republicans voted solidly for the amendment and the democrats against it, with the exception of the following sixteen, who voted for it: Messrs. Cummings (New York), McRae (Arkansas), Taylor (Alabama), Snark (Ohio), Williams (Illinois), Zenor (Indiana), Miers (Indiana), Norton (Ohio), Kern (Illinois), Lindsay (New York), McCulloch (Arkansas), Mahony (Illinois), Foster (Illinois), Fox (Mississippi), Gordon Ohio) and Crowley (Illinois).

Mr. Richardson then moved to recommit the bill, with instructions to amend the amendment so as to provide that the president should furnish or cause to be furnished a detailed statement showing how the appropriation of $500,000 had been expended.

The motion to recommit was defeated—124 to 159. The bill then was passed, after which the house went into committee of the whole to consider private pension bills.

Mr. Cummings was the only democrat who voted with the republicans on this vote.

During the session of the committee of the whole 73 private pension bills were considered. The committee then arose, reported to the house and the bills were passed.

Among the bills passed was one granting a pension of fifty dollars a month to the widow of the late Rear Admiral Philip.

A bill declaring the International railway bridge across the St Lawrence river near Ogdensburg, N. Y., a lawful structure was passed.

The house then, at 3:10 p. m., adjourned until Monday.

WASHINGTON NOTES.

Washington, Jan. 24.—A bill granting a pension of $5,000 to Mrs. Ida S. McKinley, passed by the senate, has been engrossed and today will be transmitted to the house. Action upon it by the house may be taken promptly.

MINE EXPLOSION IN IOWA COSTS THREE SCORE LIVES.

Oscaloosa, Jan. 24.—An explosion in Lost Creek coal mine, south of this city, at noon, has caused considerable loss of life and much property damage. Three bodies have been taken out and many are missing.

ATTEMPT ON LIFE OF GRECIAN SOVEREIGN

Vienna, Jan. 24.—The Neue Freie Presse today prints an unconfirmed story of an attempt to assassinate King George, of Greece. According to this report his majesty was walking in the park at Phaleron, when a man, brandishing a knife, rushed upon him. A park inspector jumped between them and received a stab, intended for the king. The would-be assassin was arrested.

Berlin, Jan. 24.—A dispatch to the Lokal Anzeiger from Athens confirms the Vienna report of an attempt on the life of the king of Greece. The man in custody is pronounced to be a lunatic.

BALFOUR DENIES ALL RUMORS OF PEACE

London, Jan. 24.—A. J. Balfour, the government leader, made a comprehensive denial in the house of commons today of stories of negotiations for peace in South Africa. He declared that since the negotiations between Lord Kitchener and General Botha no proposals having in view the termination of the war had been received from any one professing to have the authority of the Boer leaders to make proposals, and that no discussions looking to peace were now proceeding.

BEARERS EN ROUTE WITH MISS STONE'S RANSOM

Seres, Macedonia, European Turkey, Jan. 24.—The bearers of the ransom of Miss Ellen M. Stone and Madame Tsilka, having with them $72,500 reached Demir-Hissar (Roumelia) Jan. 21 and proceeded to the mountains on horseback, accompanied by a strong escort.

HEMORRHAGE NEARLY FATAL.

GEORGE HOKE HAS NARROW ESCAPE FROM DEATH.

Severed an Artery in His Hand and Was in Critical Condition Before Blood Was Staunched.

George Hoke, residing at 3 Riverside avenue and employed in the bottling department of the Centlivre Brewing company, cut an extensive gash in his left hand late Thursday afternoon and nearly bled to death before the flof blood could be stauched.

Hoke is employed as a bottler, and while operating the corking machine a piece of the glass bottle was forced into the palm of his hand, completely severing an artery. The efforts of fellow workmen to stop the hemorrhage were fruitless and Dr. Stults was hastily summoned. Some time elapsed before the physician could reach the injured young man and the flow of blood was so extensive that he was in an extremely weakened condition when Dr. Stults succeeded in controlling the hemorrhage. Hoke was removed to his home.

The agricultural department now requires a larger appropriation for its administration than any other department except the treasury.

TREATY IS SIGNED

DANISH WEST INDIES CEDED TO UNITED STATES.

DETAILS ARE KEPT SECRET

PRICE SUPPOSED TO BE ABOUT $5,000,000.

ALL POINTS ARE CONCEDED

NO STIPULATIONS AS TO THE RIGHTS OF CITIZENS.

Washington, Jan. 24.—The treaty of cession of the Danish West India islands from Denmark to the United States was signed at the state department today by Secretary Hay and Constantine Brun, the Danish minister. The treaty will be submitted to the senate for ratification immediately.

Following the invariable rule in such cases, the state department officially declined to make public any of the details of the treaty, so that it is not possible to state positively the price to be paid, though this is believed to be in the neighborhood of $5,000,000. It is known also that Denmark has abandoned the position she was inclined to occupy toward the conservation of the political rights of the inhabitants of the island, and leaves the United States a free hand to deal with them, without pledge of American citizenship or of free trade privileges. So it is assumed that the status of the Danish West Indian islands, politically and commercially, should the treaty be ratified, will be similar to that of Porto Rico. Having gained these points in the negotiations, the state department officials believe that the treaty is certain to receive the approval of the United States senate.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAINT.

Scrofula is but a modified form of Blood Poison and Consumption. The parent taint is plainly detected by either will see in the above picture disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

MRS. BRAEMER PROSTRATED.

Cincinnati, O., Jan. 24.—Pending the examination of the books of the J. and R. Schroth Packing company, from which Theodore Braemer resigned this week as secretary and treasurer, Mr. Braemer has remained at home, where the inquiries of newspaper men and others have so disturbed the household that Mrs. Braemer is prostrated. Servants last night and today in reply to all inquiries announced that Braemer and family left last night for Honolulu. However, Mr. Braemer was seen here at noon today and said he does not contemplate any trip until after the experts reports on the books. In addition to the $150,000 in stocks and bonds deposited in trust, a deed transferring to the same trustees the Braemer mansion has been left with the county recorder. Mrs. Braemer did not sign the deed.

It is said that if the courts decide at the election of A. G. Spalding the presidency of the National league was illegal Pittsburg will withdraw her support from the Spalding faction.

BACHELORS WERE HIS GUESTS

JOHN T. DOUGALL IS HOST AT A GREAT DINNER.

His Triumph as a Commissary—Bachelors' Club Formed for Banquet in April.

John T. Dougall, of the News, knows a whole lot about editing newspapers and books, but when it comes to editing a market basket he usually runs a few lines shy. Mr. Dougall was a bachelor so long that when he finally persuaded his charming wife to share his lonliness with him he was for awhile perfectly content. He allowed Mrs. Dougall to do all the marketing, spade the garden and split wood, until one day last week, when he felt a fever coming on. He told Mrs. Dougall that he believed he would do the marketing that day, and disregarding soft admonitions of caution, he sallied forth with a basket on each arm.

In a couple of hours he came back, very red in the face and as to hair, but with nothing in the baskets. His better half inquired what he had done with his purchases, whereupon he grew redder as to face and hair, if possible, and sputtered:

"How in the dickens to you get anything into these measely little baskets, anyway? I ordered the stuff brought home on a dray."

Pretty soon wagons, carts and drays of various descriptions commenced backing up in front and in the rear of the Dougall residence, until the place was surrounded and looked like the cook tent of an overland circus at 6 a. m. Carrots by the bushel were unloaded in the back yard, onions were brought in sacks and a few pumpkins were rolled into the barn. Canned fruit was stacked on the back porch until the hired girl quit her job in disgust and the laundry woman had to go through the front parlor to get out of the house. Apples, sausage, celery, turnips, hay, head-cheese, lobsters, smoked herring, cabbage, codfish, venerable eggs, limburger, beats, shelled corn, cloves, pork, pommery sec, olives, smoked beef, hominy, strawberries, oyster patties and other things were unloaded on and stacked around the premises for further orders.

After several hours of patient work the doctor resuscitated Mrs. Dougall, who, in a feeble voice, asked her amazed husband what it was all about. He explained that he guessed he had lost track of what he had been ordering and innocently inquired whether there wasn't enough to last the week out. The wife again lapsed. During her next period of convalescence a happy thought struck Mr. Dougall. "I'll tell you what we'll do," said he. "We'll invite a lot of my old bachelor friends to come here some evening and help to eat it up before it spoils. Wife, dear, if you promise to help me get rid of this stuff that way, I'll never monkey with the marketing again."

The compact was made then and there and the result was that a lot of Mr. Dougall's friends received invitations a day or two later and all but one or two enjoyed the hospitality of the Dougall home last evening, where a regal repast had been prepared. Of the very few who failed to present themselves all were either indisposed or absent from the city. Among the latter was Louie Heilbronner, who telegraphed his regrets from Cleveland and expressed a hope that Mr. Dougall would give another dinner next year, as he hoped to get a square meal somewhere before he died. A feature of the dinner was there was at no time a woman in sight, the four waiters who served the guests being converted bachelors and were Arthur Dougall, a recent convert; Stephen B. Fleming, Charlie Guild and Seymour Boyd. Mrs. Dougall, wife of the host, absolutely refused to show herself, and Mr. Dougall feelingly, but in a badly bent voice, sang, "You'd Better Git a Baby of Your Own."

The result of the dinner was the formation of a permanent Bachelors' club, of which Fred M. Smith was named as president, and it was arranged to have a banquet about the 30th of April. Mr. Dougall said that he wanted it distinctly understood that he would not do the marketing for the next one, and he was excused and positively assured that he also would not be allowed to attend the banquet unless he could prove himself a bachelor. John T. passed. The evening was most pleasantly spent, and while Mr. Dougall was voted an extremely good fellow, at the same time a silent though fervent vote went up and was recorded that Mrs. Dougall was the best fellow of the two.

Following is a list of the invited guests, all of whom were present except less than half a dozen: Messrs. Charles MacDougall, John Ross McCulloch, Edmund Coombs, Harry Miesse, George Rabus, Charles Freese, Will Ninde, George Bourie, Ben Woodworth, John Morris, jr., R. B. Hanna, Edward Woodworth, Joseph Freiburger, Dr. Maurice Rosenthal, William Keough, Bayless Swift, Thomas M. Lloyd, Reeder Smith, Dr. E. J. McOscar, C. Edward Orff, G. Will Wilson, M. M. Fay, A. J. COUNSEL FOR STATE FINED

SENSATION IN RICHARDSON MURDER TRIAL.

Attorney Makes an Emotional Protest During Examination of Defendant.

Piattsburg, Mo., Jan. 24.—Interest today in the trial of Mrs. Addie B. Richardson for the murder at Savannah of her husband, Frank W. Richardson, centered in the story told on the witness stand by the defendant.

Once during the recital Mrs. Richardson gave way to emotion and buried her face in her handkerchief.

While Mrs. Richardson was on the stand a sensational incident took place that resulted in the court fining C. F. Booher, leading attorney for the state and father of the county prosecutor, $50 and ordering the jury from the room.

Mrs. Richardson had been asked if she had told everything to this jury that she had told to the coroner's jury.

"No," she replied, "not to the coroner's jury, but to Mr. Booher."

"What did you tell to Mr. Booher?"

"Your honor," interposed Mr. Booher, his voice trembling with emotion and tears coursing down his cheeks, "I have stood this long enough. I object to the court allowing my name to be continually dragged into this case with insinuations that the witnesses have told me more than I have made known. I—"

Here the attorney's voice broke. The court ordered that Booher be fined $50 and the jury removed from the room.

A recess was taken. Soon after Attorney Booher returned, apologized to the court and Mrs. Richardson proceeded.

Mrs. Richardson detailed the events of the day of the murder, December 24, 1900. At 7:15 in the evening Mr. Richardson and George Crowley had, she said, left the house for Richardson's store. She was to go later to the Episcopal church, where the children were attending a Christmas entertainment, and from there to the store to accompany her husband to the theater. She told of leaving the house and remembering on the way that she had forgotten a brooch given by her husband, and of returning to the house for it. Realizing it was late she telephoned Richardson that she would not go to the church, but would stay at the house and fix the Christmas tree for the children and await him there.

Then Mrs. Richardson told of the arrival of her husband and his death.

"I heard a buggy drive up," said the witness, "and then heard footsteps coming up the brick sidewalk. I turned the light down in the room and sat on the couch near the door, expecting to surprise Frank. There seemed to be two persons coming up the walk. Just before he reached the doorway leading from the hall to the bedroom, there was a report and he fell backward. I ran and placed my hand under his head and tried to raise him up, supposing he was only trying to frighten me. Then I lighted the lamp and found blood on my hands. I was startled, but at first did not fully realize what had happened."

Mrs. Richardson bowed her head and wept before she was able to continue.

RIOT IN BOSTON.

Boston, Jan. 24.—One of the most serious demonstrations since the strike of teamsters began took place on Atlantic avenue this afternoon. A dray got pocketed, and a tremendous crowd, including many boys, collected. The patrolmen and the mounted men charged the throng, but were met and checked by a volley of muddy snow, ice, stones and bricks. The police rallied in a moment and charged again. This time the crowd gave way. Fourteen arrests were made, thirteen of them being lads from 13 to 17 years of age.

ABOUT THE COURT HOUSE.

In the case of Christina Hake vs. the Lake Shore road, to quiet title, filed in 1890, a finding for the defendant was entered in the circuit court this morning.

The divorce suit of Ida vs. James Ormiston was dismissed this forenoon by Judge Aiken, at the plaintiff's cost.

In the case of Emrick vs. Hiser, judgment was today rendered for $91.77.

In the case of William McKinney vs. Mary Arndt, to establish the width of certain lots on Berry street, in which about thirty persons were interested, the finding of the court this morning, on an action to quiet title, was for McKinney, thus finally settling a vexatious question of long standing.

The case of Amelia Waterhaus vs. J. C. Vanetta, relating to the establishment of a public highway near Spy Run, petitioned for in the commissioners' court, is on trial before Judge Aiken.

The case of Anthony Meyer vs. the Pennsylvania company for damages, has been dismissed.

John Dreibelbiss has qualified as administrator of the estate of Sarah Bush, deceased.

Judge O'Rourke is still occupied in hearing the testimony in the case of the Missouri synod of the Evangelical Lutheran church against the estate of the late Conrad Westenfeld, for the responsibility of whose death Mrs. Hassenfuss is now serving a term in the state prison.

Trustee Schirmeyer, together with fifteen other Allen county township trustees, returned from the state trustees' meeting at Indianapolis last evening, at 10:30, via the Lake Erie. Mr. Schirmeyer reports a most interesting session and says that the attendance was the largest in the history of the trustees' association.

Judge O'Rourke today dismissed the Watson boys, who have been held in custody for over a week, pending an order from the court relative to a motion made for their commitment to the reform school. The oldest of the boys was given in charge of an uncle living in Ohio and the other two were sent back to their mother on her own plea. The boys were brought into court this afternoon and were admonished by the judge in a benevolent talk. He told the two younger lads that their mother had vouched for their future good behavior and that upon her voucher they are again committed to her care and that upon their future behavior their future depended. The boys promised to be good and were discharged.

Judge Adair is sitting this afternoon as special judge in the Branstrattor partition suit, long pending in the circuit court.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAINT.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

MRS. BRAEMER PROSTRATED.

Cincinnati, O., Jan. 24.—Pending the examination of the books of the J. and R. Schroth Packing company, from which Theodore Braemer resigned this week as secretary and treasurer, Mr. Braemer has remained at home, where the inquiries of newspaper men and others have so disturbed the household that Mrs. Braemer is prostrated. Servants last night and today in reply to all inquiries announced that Braemer and family left last night for Honolulu. However, Mr. Braemer was seen here at noon today and said he does not contemplate any trip until after the experts reports on the books. In addition to the $150,000 in stocks and bonds deposited in trust, a deed transferring to the same trustees the Braemer mansion has been left with the county recorder. Mrs. Braemer did not sign the deed.

It is said that if the courts decide that the election of A. G. Spalding to the presidency of the National league was illegal Pittsburg will withdraw her support from the Spalding faction.

BACHELORS WERE HIS GUESTS

JOHN T. DOUGALL IS HOST AT A GREAT DINNER.

His Triumph as a Commissary—Bachelors' Club Formed for Banquet in April.

John T. Dougall, of the News, knows a whole lot about editing newspapers and books, but when it comes to editing a market basket he usually runs a few lines shy. Mr. Dougall was a bachelor so long that when he finally persuaded his charming wife to share his lonliness with him he was for awhile perfectly content. He allowed Mrs. Dougall to do all the marketing, spade the garden and split wood, until one day last week, when he felt a fever coming on. He told Mrs. Dougall that he believed he would do the marketing that day, and disregarding soft admonitions of caution, he sallied forth with a basket on each arm.

In a couple of hours he came back, very red in the face and as to hair, but with nothing in the baskets. His better half inquired what he had done with his purchases, whereupon he grew redder as to face and hair, if possible, and sputtered:

"How in the dickens to you get anything into these measely little baskets, anyway? I ordered the stuff brought home on a dray."

Pretty soon wagons, carts and drays of various descriptions commenced backing up in front and in the rear of the Dougall residence, until the place was surrounded and looked like the cook tent of an overland circus at 6 a. m. Carrots by the bushel were unloaded in the back yard, onions were brought in sacks and a few pumpkins were rolled into the barn. Canned fruit was stacked on the back porch until the hired girl quit her job in disgust and the laundry woman had to go through the front parlor to get out of the house. Apples, sausage, celery, turnips, hay, head-cheese, lobsters, smoked herring, cabbage, codfish, venerable eggs, limburger, beets, shelled corn, cloves, pork, pommery sec, olives, smoked beef, hominy, strawberries, oyster patties and other things were unloaded on and stacked around the premises for further orders.

After several hours of patient work the doctor resuscitated Mrs. Dougall, who, in a feeble voice, asked her amazed husband what it was all about. He explained that he guessed he had lost track of what he had been ordering and innocently inquired whether there wasn't enough to last the week out. The wife again lapsed. During her next period of convalescence a happy thought struck Mr. Dougall. "I'll tell you what we'll do," said he. "We'll invite a lot of my old bachelor friends to come here some evening and help to eat it up before it spoils. Wife, dear, if you promise to help me get rid of this stuff that way, I'll never monkey with the marketing again."

The compact was made then and there and the result was that a lot of Mr. Dougall's friends received invitations a day or two later and all but one or two enjoyed the hospitality of the Dougall home last evening, where a regal repast had been prepared. Of the very few who failed to present themselves all were either indisposed or absent from the city. Among the latter was Louie Heilbronner, who telegraphed his regrets from Cleveland and expressed a hope that Mr. Dougall would give another dinner next year, as he hoped to get a square meal somewhere before he died. A feature of the dinner was there was at no time a woman in sight, the four waiters who served the guests being converted bachelors and were Arthur Dougall, a recent convert; Stephen B. Fleming, Charlie Guild and Seymour Boyd. Mrs. Dougall, wife of the host, absolutely refused to show herself, and Mr. Dougall feelingly, but in a badly bent voice, sang, "You'd Better Git a Baby of Your Own."

The result of the dinner was the formation of a permanent Bachelors' club, of which Fred M. Smith was named as president, and it was arranged to have a banquet about the 30th of April. Mr. Dougall said that he wanted it distinctly understood that he would not do the marketing for the next one, and he was excused and positively assured that he also would not be allowed to attend the banquet unless he could prove himself a bachelor. John T. passed. The evening was most pleasantly spent, and while Mr. Dougall was voted an extremely good fellow, at the same time a silent though fervent vote went up and was recorded that Mrs. Dougall was the best fellow of the two.

Following is a list of the invited guests, all of whom were present except less than half a dozen: Messrs. Charles MacDougall, John Ross McCulloch, Edmund Coombs, Harry Miesse, George Rabus, Charles Freese, Will Ninde, George Bourie, Ben Woodworth, John Morris, jr., R. B. COUNSEL FOR STATE FINED

SENSATION IN RICHARDSON MURDER TRIAL.

Attorney Makes an Emotional Protest During Examination of Defendant.

Plattsburg, Mo., Jan. 24.—Interest today in the trial of Mrs. Addie B. Richardson for the murder at Savannah of her husband, Frank W. Richardson, centered in the story told on the witness stand by the defendant.

Once during the recital Mrs. Richardson gave way to emotion and buried her face in her handkerchief.

While Mrs. Richardson was on the stand a sensational incident took place that resulted in the court fining C. F. Booher, leading attorney for the state and father of the county prosecutor, $50 and ordering the jury from the room.

Mrs. Richardson had been asked if she had told everything to this jury that she had told to the coroner's jury.

"No," she replied, "not to the coroner's jury, but to Mr. Booher."

"What did you tell to Mr. Booher?"

"Your honor," interposed Mr. Booher, his voice trembling with emotion and tears coursing down his cheeks, "I have stood this long enough. I object to the court allowing my name to be continually dragged into this case with insinuations that the witnesses have told me more than I have made known. I—"

Here the attorney's voice broke. The court ordered that Booher be fined $50 and the jury removed from the room.

A recess was taken. Soon after Attorney Booher returned, apologized to the court and Mrs. Richardson proceeded.

Mrs. Richardson detailed the events of the day of the murder, December 24, 1900. At 7:15 in the evening Mr. Richardson and George Crowley had, she said, left the house for Richardson's store. She was to go later to the Episcopal church, where the children were attending a Christmas entertainment, and from there to the store to accompany her husband to the theater. She told of leaving the house and remembering on the way that she had forgotten a brooch given by her husband, and of returning to the house for it. Realizing it was late she telephoned Richardson that she would not go to the church, but would stay at the house and fix the Christmas tree for the children and await him there.

Then Mrs. Richardson told of the arrival of her husband and his death.

"I heard a buggy drive up," said the witness, "and then heard footsteps coming up the brick sidewalk. I turned the light down in the room and sat on the couch near the door, expecting to surprise Frank. There seemed to be two persons coming up the walk. Just before he reached the doorway leading from the hall to the bedroom, there was a report and he fell backward. I ran and placed my hand under his head and tried to raise him up, supposing he was only trying to frighten me. Then I lighted the lamp and found blood on my hands. I was startled, but at first did not fully realize what had happened."

Mrs. Richardson bowed her head and wept before she was able to continue.

RIOT IN BOSTON.

Boston, Jan. 24.—One of the most serious demonstrations since the strike of teamsters began took place on Atlantic avenue this afternoon. A dray got pocketed, and a tremendous crowd, including many boys, collected. The patrolmen and the mounted men charged the throng, but were met and checked by a volley of muddy snow, ice, stones and bricks. The police rallied in a moment and charged again. This time the crowd gave way. Fourteen arrests were made, thirteen of them being lads from 13 to 17 years of age.

ABOUT THE COURT HOUSE.

In the case of Christina Hake vs. the Lake Shore road, to quiet title, filed in 1890, a finding for the defendant was entered in the circuit court this morning.

The divorce suit of Ida vs. James Ormiston was dismissed this forenoon by Judge Aiken, at the plaintiff's cost.

In the case of Emrick vs. Hiser, judgment was today rendered for $91.77.

In the case of William McKinney vs. Mary Arndt, to establish the width of certain lots on Berry street, in which about thirty persons were interested, the finding of the court this morning, on an action to quiet title, was for McKinney, thus finally settling a vexatious question of long standing.

The case of Amelia Waterhaus vs. J. C. Vanetta, relating to the establishment of a public highway near Spy Run, petitioned for in the commissioners' court, is on trial before Judge Aiken.

The case of Anthony Meyer vs. the Pennsylvania company for damages, has been dismissed.

John Dreibelbiss has qualified as administrator of the estate of Sarah Bush, deceased.

Judge O'Rourke is still occupied in hearing the testimony in the case of the Missouri synod of the Evangelical Lutheran church against the estate of the late Conrad Westenfeld, for the responsibility of whose death Mrs. Hassenfuss is now serving a term in the state prison.

Trustee Schirmeyer, together with fifteen other Allen county township trustees, returned from the state trustees' meeting at Indianapolis last evening, at 10:30, via the Lake Erie. Mr. Schirmeyer reports a most interesting session and says that the attendance was the largest in the history of the trustees' association.

Judge O'Rourke today dismissed the Watson boys, who have been held in custody for over a week, pending an order from the court relative to a motion made for their commitment to the reform school. The oldest of the boys was given in charge of an uncle living in Ohio and the other two were sent back to their mother on her own plea. The boys were brought into court this afternoon and were admonished by the judge in a benevolent talk. He told the two younger lads that their mother had vouched for their future good behavior and that upon her voucher they are again committed to her care and that upon their future behavior their future depended. The boys promised to be good and were discharged.

Judge Adair is sitting this afternoon as special judge in the Branstrator partition suit, long pending in the circuit court.

Prince Henry, traveling close in the wake of Admiral Schley through the west, will be apt to get a sniff of burnt powder here and there.

Mrs. Harrison now denies that she has authorized her friends to cease further efforts in behalf of a pension of $5,000 for herself as the widow of a president, and says she desires the grant to be made.

Loyal citizens of Cape Town propose to erect a statute of King Edward. His majesty will have to do stunts of training to get in condition to look well either standing up or sitting down. To put the king on horseback would be unspeakable.

It will take something more than any politician's word for it that democratic duty requires any self-respecting democrat to tolerate in public office men who would not be tolerated a day in any business enterprise. The fellow who sets out to show the voters that character, habits and fitness are of no account and cut no figure has plenty to do this year.

It is denied that Mr. Rockefeller intends to give $26,000,000 to complete President Harper's plans for the University of Chicago. It had the sound and sense of a merely good story and perhaps it was only purposed to call attention to the amount needed to make the university the biggest thing of its kind on earth. However, the standard oil magnate will doubtless get there by consecutive degrees if not all at once.

President McKinley urged reciprocity with Cuba. President Roosevelt urges reciprocity with Cuba. Secretary of War Root urges reciprocity with Cuba. Governor General Leonard Wood urges reciprocity with Cuba. Mr. Oxnard and others of the sugar interests and representatives of the tobacco interests oppose reciprocity with Cuba and insist and maintain that the sugar trust is behind the movement to treat Cuba fairly. Republican members of congress ought not to be slow to resent the imputation.

John F. Dryden is the nominee of the New Jersey republican legislative caucus for United States senator to succeed the late Senator Sewell. He succeeded on the nineteenth ballot in a contest wherein former Attorney General Griggs was the most prominent of several competitors. Mr. Dryden is president of the Prudential Life Insurance company and one of the best known insurence men in the United States, is wealthy and has succeeded wholly by his own efforts, for he was once poor. He is said to be a good speaker, but not much of a partisan, and it is cited in instance of this fact that his most intimate neighbors in Newark did not know whether he was a democrat or republican. He is very popular with all classes in his state.

NEWS GATHERED IN CITY HALL.

At the meeting of the board of works last night little business was transacted, the most of the session being spent in discussing sewer matters, mostly referring to the South Wayne sewer. Some questions of allowances to Contractors Derheimer and T. J. Peter were brought up, but nothing definite was done. The differences are inconsequential and will be amicably adjusted when the time of settlement arrives.

The council committee on claims met last night and followed City Attorney Shambaugh's suggestion to recommend the allowance of Mrs. Mary Goddell's judgment of $575 for damages received by reason of a fall occasioned by a defective culvert on Oliver street.

REFUSE TO RETIRE HOBSON

MERRIMAC HERO MUST STAY IN THE NAVY.

Retiring Board Makes Decision in the Case—Ordered to Return to His Duties.

Washington, Jan 24.—A naval retiring board has declined to recommend the retirement of Capt. Richmond P. Hobson. He has complained of his eyes, which suffered from the heat and glare while he was working on the Spanish vessels sunk at Santiago and afterwards in the dry dock at Hong Kong, where two vessels of the Spanish fleet sunk by Dewey were repaired. Since his return to the United States from the east Captain Hobson has been on detached duty, first at Buffalo, in connection with the late exposition there, and now at Charleston, in charge of a department of the naval exhibit.

Captain Hobson himself applied to be retired, but the board of physicians which examined him found that his eyes were not permanently injured and refused to recommend his retirement. He has been ordered to return to duty in connection with the Charleston exposition.

NEWS OF THE POLICE.

There was nothing doing at police court this morning. There was one plain drunk locked up down stairs; but he was found quite early this morning and was still too drunk to give any account of himself. He says that his name is Tom Conroy and will tell his story later. About 9 o'clock another weary wanderer was brought in from the vicinity of the Pennsylvania depot. His name is John Heke and it appears that he and Conroy were partners in bacchanalianism. They claim to have been employed by C. E. Moellering on a street contract at Peru and came up her solely to see what kind of a town their boss lived in.

In consequence of the two general circulars issued by Superintendent Gorsline yesterday the patrolmen this morning filed reports of thirteen cases of street obtructions and reports of new buildings in course of erection, not previously reported.

Fred Bammeyer reports that the two blankets which he reported as having been stolen from his wagon were returned to him, having been removed by his brother as a "joke."

Dick Brady was yesterday released from jail by order of Judge Louttit. It was shown that the prisoner's wife is in delicate health and that he has a large family entirely dependent upon him for sustenance; that he always provides the best he can for his family and that he is not as a rule evilly disposed. In consideration of all these representations made by trustworthy persons who know Brady well the sentence was suspended and the prisoner released.

Miss Anna McKean, who lost a couple of rings at the court house lavatory a few days ago has had them returned. They were found by another visitor, who picked them up more for safe-keeping than for anthing else and upon learning from The Sentinel who the owner was promptly returned them.

Thomas Krohe, driving a wagon for Hammond's second-hand store, had a mix-up with a bolt line street car on Calhoun street yesterday. He was thrown off his wagon, but besides sustaining a few bruises no damage was done.

Mrs. Palmer, living on Hendricks street, reported to the police this morning that thieves had stolen two suits of underwear belonging to her husband from the clothesline in her yard.

At 11:25 last night some miscreant threw a stone through the vestibule window of a Main street car standing at the Lindenwood end of the line. No motive except pure meanness can be ascribed.

The two remaining cases against Saloonkeeper Rimbert and his bartender have not yet been set for hearing.

A ROBBER SLAIN.

Pittston, Pa., Jan. 24.—Martin Melvin, who said his home was in Newark, N. J., was killed last night while trying to enter the hotel of Isaac Evans at Duryea, near here. Melvin was with three companions. Evans saw Melvin as he was entering the house through a window and discharged a shotgun at him. The charge took effect in the robber's back and he died a short time later.

PRESENTS HIS CREDENTIALS.

Paris, Jan. 24.—A dispatch has been received at the foreign office here from M. Beau, the French minister at Pekin, informing the officials that he had presented his credentials. The message does not contain any particulars, but the foreign office presumes that M. Beau had previously received satisfactory assurances from the Chinese officials regarding the pending missionary questions.

MISS BENJAMIN BURIED.

Paris, Jan. 24.—The remains of Miss Anna Northend Benjamin, the American war correspondent who died from the effects of a tumor on Monday last, at her sister's residence, the Chateau de la Lande, Villiers-Sur-Marne, were buried yesterday.

Our prices cannot be duplicated anywhere.

PATTERSON.

IN JUSTICES' COURTS.

Two affidavits have been filed in Bultemman's court by Lavina Harkenrider, charging William McDaniel with provoke and assault and battery respectively. The affidavits are the result of a family quarrel which will probably be amicably settled. Pending the settlement the defendant took a change of venue and the cases were transferred to 'Squire Bird's court in Adams township.

Justice Tancey this morning effected a settlement in which Era Butler was charged with violating the statute protecting the rights of hotel and boarding-house keepers. It was shown that no fraud was intended.

A FAREWELL TO SHAW.

Denison, Iowa, Jan. 24.—More than a thousand people attended the farewell reception tendered, in the opera house last night, to Governor Leslie M. Shaw, the newly chosen secretary of the treasury. The reception was politically cosmopolitan; people from all the counties were in attendance, and every town in Crawford county was represented. Secretary Shaw received a tremendous ovation when he arose to speak. He announced that he had no intention of giving up his Denison home and this statement was received with great applause. Secretary Shaw left for Des Moines early today.

UNKNOWN SCHOONER ASHORE.

Lewes, Del., Jan. 24.—Word was received here this morning that an unknown two-masted schooner is ashore on Hog Island shoals, about ninety miles from the Delaware breakwater.

TO SEARCH FOR THE CONDOR.

Washington, Jan. 24.—Captain Shoemaker, chief of the revenue cutter service, today sent telegraphic instructions to the cutter McCulloch, now at San Francisco, to join in the search for the lost British cruiser Condor. The McCulloch's orders are to "sail well out and as far north as the mouth of the Columbia river." North of that point the cutter Grant is making the search.

A Sad Inheritance.

A little girl out in Oregon when seven years old was stricken down with rheumatism, and the local doctor said it was hereditary, as the other members of the family had it. She suffered from it for five years, until a friend who had been cured of the disease by Ath-lo-pho-ros recommended this remedy to her. The doctors had tried five years to cure her, but Ath-lo-pho-ros did it with only two bottles. These inherited cases are the hardest to cure, but Ath-lo-pho-ros will do it, no matter what the cause or the conditions.

The board then assured Mr. Powers that if at the end of the twenty days there is no better prospect of the home road being built, they would grant the franchise, and in any event they would give permission to enter the town along Williams street to East Maumee, and thence west to the public square, and thence south on South Wayne street.

HOMELESS MEN.

Now that the question of building a Friendly Inn in Fort Wayne is receiving so much notice from our citizens, the following article, published in the Cincinnati Commercial-Tribune, the day following Christmas, will prove interesting and shows how the problem of caring for the homeless man is being solved in that city:

"The celebrated 'bum room,' at Hammond street police station is rapidly becoming a 'thing of the past.' The dingy quarters that for years has been nightly shelter to as many homeless wanderers as could be packed into it, was practically deserted yesterday. For the Christmas night there was one lonely lodger, a record unprecedented. Christmas night, a year ago, 108 men of all sorts and conditions were packed in the place. They wanted a place to sleep, and got it.

"The drop from 108 to 1 is not caused by a lack of men with no place to sleep. The change is due to the 'labor yard' game. Recently Judge Lueders had a conference with members of the Associated Charities, and it was agreed that every man applying for lodging was to be given it providing he worked one hour in the labor yard the Associated Charities conducts. The arrangement went into effect last week. At first there was no apparent decrease in the number of lodgers. But that lasted only two or three days, just long enough to let the word be passed along the line. The hobos who were caught in the game got out of it as fast as they could, and then told their fellow knights of the road to beware of Cincinnati.

"The result was just what was wanted by the police. Bums, those who will not work, but always have a pitiful tale ready, fought shy of Cincinnati. The number applying for a night's lodging took a sudden drop, but yesterday's record was the climax. The one man who applied for lodging proved to be an individual for whom the condition of two hours' work sawing wood did not possess any terrors. He was really a working man out of a job, and he gladly accepted the proposition in order to get a place to sleep and breakfast.

"This Christmas will be a red letter day in the history of Hammond street station. By the time next Christmas rolls around there will probably be no 'bum room' to tell about, for at a recent meeting of the police commissioners the suggestion was made to abolish it altogether. It has outlived its usefulness, and when the second district station is removed to a more prominent street there will be no lodging quarters provided for."

The chase will begin at 9 o'clock and two hours later the hunters are expected to come together and bag the game. No guns will be allowed and all dogs will be chained until signal is given.

After a separation of twenty years John Wysong, of Huntertown, and Joshua Wysong, of Huntington, were reunited recently at the sick bedside of the latter. John Wysong had heard that his brother was dying and concluded to go and see him on what was supposed to be his deathbed. He was admitted into the home of his brother and sat chatting to him several minutes before he disclosed his identity. The sick man sustained a shock of joy which the physicians say will from present indications cause his rapid recovery.

BASE BALL NOTES.

Amos Rusie hopes to get a berth in a California league club and is going to the Pacific coast next month.

Rumor has it that a party of Louisville capitalists will form a $50,000 stock company and make a fight for a National league franchise.

Kid Carsey, an ex-pitcher, has secured good grounds in New York, and it is said that A. G. Spalding will lease the grounds for a rival club to the Giants.

Miller Huggins, of Cincinnati, has signed with St. Paul. Huggins had a difference of opinion with Lowney, of Mansfield, two years ago and was out of base ball two years in consequence.

According to the Toledo papers the American association is going to crowd all the other leagues out of business. It is said that the players are flocking to the American association's standard and that the other minor organizations are unable to pick up any good men. We're from Missouri.

Grand Rapids Press: "There is now talk of the organization of a Western Michigan base ball league this summer, in which Grand Rapids shall be classed with five other towns in this part of the state, including such places as Manistee, Traverse City, Cadillac, Big Rapids and Muskegon. All of these towns have supported strong semi-professional teams."

Hans Wagner, the Pittsburg slugger, has gone into the saloon business, contrary to the laws of the Pittsburg club that none of its members shall engage in the liquor business. Wagner has saved money and if Dreyfus should decide to discipline him he will probably retire from base ball altogether.

A meeting will be held at Rushville Friday to take steps to organize a state base ball league and several New Castle enthusiasts will attend. The towns booked are New Castle, Knightstown, Richmond, Rushville, Connersville, Shelbyville, Greenfield and Greensburg.

Manager Dave Eckert has received an invitation to take his polo team to Racine next week, but has not decided whether to accept the invitation or not. After the game with Richmond several nights ago it is a deep mathematical problem, involving geometry, and sideways progression to even conjecture what Racine would do to Fort Wayne if the two teams ever crossed axes at Racine.

THE MARKETS.

Chicago, Jan. 24.—Prices on the board at the close of business today were as follows:

Wheat—Jan., 75⅞@76c; May, 79⅜@79½c; July, 79¼@79⅝c.

Corn—Jan., 59¼c; May, 62⅞@63c; July, 62¾c; Sept., 61¾c.

Oats—Jan., 44c; May, 44⅛@45c; July, 39⅜c; Sept., 33¼c.

Pork — Jan., $16.12½; May, $16.47½; July, $16.57½.

Lard—Jan., $9.30@9.32½; May, $9.50@9.52½; July, $9.62½.

Ribs—Jan., $8.37½; May, $8.57½; July, $8.70.

Flax—Cash N. W., $1.70; S. W., $1.66½; May, $1.71.

Rye—Jan., 58¾c; May, 62c; July, 62c.

Barley—Cash, 58@63c.

Timothy—March, $6.50.

Clover—March, $9.75.

Chicago, Jan. 24.—Cold weather from the northwest braced the grain pits at the opening today. There was a little of yesterday's bearish sentiment carried over, but on the prediction of very severe weather and a cable list which was relatively firm. May wheat opened steady, a shade lower to a shade higher, at 79⅛c to 79¼c. There also was a fair export condition reported, but snows were reported in several of the winter wheat states, even in Texas and Oklahoma, which have suffered badly from the drought. There was still some weakness shown in the coarse grains and at the fairly good opening prices a number of selling orders pressed May back to 78⅞@78¾c. A good speculative demand, however, sprang up and May recovered and soon sold again at 79⅛c. Local receipts were only 22 cars. Minneapolis and Duluth reported 305 cars, making a total for the three points of 327 cars, against 439 last week and 243 a year ago. Argentine shipments for the week were 264,000 bushels, against 36,000 bushels last week.

May corn opened ⅛c to ¾c higher at 63c to 63⅛c. The poor cash situation and some selling brought a sag to 62⅝c early, but the relatively firm tone of the cables, poor Argentine weather and no shipments from that country soon brought a rally. The cold weather also had a buoyant effect and good buying set in. At the end of the first hour May was selling at 62⅞c. Receipts were very small at 50 cars.

Oats were weak early. There was still an attempt to press this pit, but the strength in other grains was felt. May opened unchanged to ⅛c lower at 45⅛c to 45⅜c and touched 45½@45⅝c. Some sharp selling brought a slump to 44¼c, but on small western offerings and fair support rallied to 44⅝c. Receipts were 102 cars.

Provisions started higher on a good hog market. May pork opened 5c to 10c higher at $16.4c to $16.45, but on the early dip in grains slid to $16.25; May lard unchanged to 2½c higher at $9.42½ to $9.45 and sold back to $9.40, and May ribs 2½c to 2½@5c higher at $8.52½ to $8.52½@8.55 and eased to $8.50

THE DAY ON ALL STREET.

New York, Jan. 24.—Price changes in the opening dealings were of little significance and exceeded ½ in only few cases. The gains predominated, but a number of important stocks showed declines. St. Lawrence and Adirondac advanced 1%.

Bull manipulation of prominent specialties were again resorted to to infuse interest into the market, but there was little response in the railroads. Metropolitan Street Railway, Manhattan, Sugar, Amalgamated Copper and People's Gas advanced 1 to 1¼. Rock Island, Northwestern, Iowa Central and Toledo, St. Louis and Western were about a point higher, and Pullman, Buffalo and Pittsburg 3. Otherwise the advances were fractional but general.

Trading became almost stagnant on attempt to realize. The small demand forced some liberal concessions and People's Gas and Metropolitan Street Railwa reacted 1½ each. Hocking Valley lost a point and some railroads sold below opening prices. Northwest preferred dropped 3. Large blocks of Amalgamated Copper were taken around 72 and a later rise in Sugar to 127½ caused a steadier tone elsewhere. St. Lawrence and Adirondack gained 3% in all, and Distilling preferred and Pacific Coast second preferred 1@1½.

Bonds were less active and irregular.

TAFT AND THE TARIFF.

San Francisco, Jan. 23.—Referring to the Philippine tariff in a speech before the Union League club, prior to his departure for the east, Gov. W. H. Taft is reported to have said: "I know from reading your papers and talking with some of your merchants that you are anxious to have free trade between the Philippines and America. In many respects that would be an admirable arrangement, if it were possible to run the government of the Philippines without the indirect taxation involved in levying customs duties. It would gratify the commission very much if congress would take off altogether the tariff imposed by the Dingley bill. All we desire is to have money enough to run a good government. My view is that as soon as trade is established and avenues opened, a small tariff will form a very slight obstacle to the course of business between the Philippines and California."

There was a little of yesterday's bearish sentiment carried over, but on the prediction of very severe weather and a cable list which was relatively firm, May wheat opened steady, a shade lower to a shade higher, at 79½c to 79⅝c. There also was a fair export condition reported, but snows were reported in several of the winter wheat states, even in Texas and Oklahoma, which have suffered badly from the drought. There was still some weakness shown in the coarse grains and at the fairly good opening prices a number of selling orders pressed May back to 79⅜@79½c. A good speculative demand, however, sprang up and May recovered and soon sold again at 79¾c. Local receipts were only 23 cars. Minneapolis and Duluth reported 303 cars, making a total for the three points of 327 cars, against 439 last week and 243 a year ago. Argentine shipments for the week were 264,000 bushels, against 36,000 bushels last week.

May corn opened ⅛c to ¼c higher at 62c to 62¼c. The poor cash situation and some selling brought a sag to 62⅝c early, but the relatively firm tone of the cables, poor Argentine weather and no shipments from that country soon brought a rally. The cold weather also had a buoyant effect and good buying set in. At the end of the first hour May was selling at 62¾c. Receipts were very small at 50 cars.

Oats were weak early. There was still an attempt to press this pit, but the strength in other grains was felt. May opened unchanged to ⅛c lower at 45¼c to 45⅜c and touched 45½@45⅝c. Some sharp selling brought a slump to 44½c, but on small western offerings and fair support rallied to 44¾c. Receipts were 102 cars.

Provisions started higher on a good hog market. May pork opened 5c @ 10c higher at $16.45 to $16.45, but on the early dip in grains slid to $16.25; May lard unchanged to 2½c higher at $9.42½ to $9.45 and sold back to $9.40, and May ribs 2½c to 2½@3c higher at $8.52½ to $8.52½@8.55 and eased to $8.50

THE DAY ON ALL STREET.

New York, Jan. 24.—Price changes in the opening dealings were of little significance and exceeded ½ in only few cases. The gains predominated, but a number of important stocks showed declines. St. Lawrence and Adirondac advanced 1¾.

Bull manipulation of prominent specialties were again resorted to to infuse interest into the market, but there was little response in the railroads. Metropolitan Street Railway, Manhattan, Sugar, Amalgamated Copper and People's Gas advanced 1 to 1¾. Rock Island, Northwestern, Iowa Central and Toledo, St. Louis and Western were about a point higher, and Pullman, Buffalo and Pittsburg 3. Otherwise the advances were fractional but general.

Trading became almost stagnant on attempt to realize. The small demand forced some liberal concessions and People's Gas and Metropolitan Street Railwa reacted 1½ each. Hocking Valley lost a point and some railroads sold below opening prices. Northwest preferred dropped 3. Large blocks of Amalgamated Copper were taken around 72 and a later rise in Sugar to 127½ caused a steadier tone elsewhere. St. Lawrence and Adirondack gained 3¼ in all, and Distilling preferred and Pacific Coast second preferred 1@1½.

Bonds were less active and irregular.

TAFT AND THE TARIFF.

San Francisco, Jan. 23.—Referring to the Philippine tariff in a speech before the Union League club, prior to his departure for the east, Gov. W. H. Taft is reported to have said: "I know from reading your papers and talking with some of your merchants that you are anxious to have free trade between the Philippines and America. In many respects that would be an admirable arrangement, if it were possible to run the government of the Philippines without the indirect taxation involved in levying customs duties. It would gratify the commission very much if congress would take off altogether the tariff imposed by the Dingley bill. All we desire is to have money enough to run a good government. My view is that as soon as trade is established and avenues opened, a small tariff will form a very slight obstacle to the course of business between the Philippines and California."

CATARRH OF THE STOMACH

A PLEASANT, SIMPLE, BUT SAFE AND EFFECTUAL CURE FOR IT.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of

gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played-out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of diastase, aseptic pepsin, a little nux, golden seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

MARTIN STAFFORD FINDS RELIEF IN COLORADO.

WRITES A CHEERFUL LETTER

HOPES TO RETURN HOME IN MARCH A WELL MAN.

ALLEGED DIAMOND THIEVES

PLUCKED A PIN IN PITTSBURG AND NABBED IN CHICAGO.

A letter received this morning by Road Foreman C. R. Cokbey, of the Pennsylvania, from Martin Stafford brings news which will be most welcome to the hosts of friends of the latter gentleman. Mr. Stafford is sojourning in Colorado in the hopes of receiving physical benefits and he writes that there has already been an improvement in his condition, though he has been there less than a month. He will remain in Denver or in that vicinity until the last of March. Mr. Stafford is one of the old engineers on the Pittsburg road, his term at the throttle commencing in April, 1874. The company gave him a leave of absence of three months and the officials hope to see him return in good health.

INDUSTRIAL NOTES.

Pittsburg Brakeman Unser is sick.

Flagman P. J. McCleery is taking a rest.

Pittsburg Boiler Foreman Frank Sarver made a business trip to Chicago last night.

Chief Car Inspector W. W. Todd, of the Pennsylvania, is in Pittsburg today on railway business.

Machinist Charles Mills, of the Wabash shops, and his wife, are confined to their home by sickness.

W. A. Strader and John Rost, jr., resumed work in the Pittsburg shops this morning. They were sick.

Engineer J. Voirol has a lame back and Fireman D. J. Jenness has a lame arm and are not on duty on the Pittsburg today.

Prince Henry, in his tour of the United States, will ride in a Pullman car which is now being fitted up for him at the shops.

Brakeman J. H. Morrow, of the Pittsburg, sprained his back by slipping at the east yards yesterday and will be unable to work for awhile.

The Lake Erie and Western has contracted for 10,000 tons of new steel rails for delivery this season and has an option at the same figure for an increased tonnage.

A. A. Rice, foreman of blacksmiths, and F. J. Roedefeld, foreman of carpenters, of the Lake Shore shops at Elkhart, were visitors at the Pennsylvania shops this morning.

Jacob Hilgeman and Bert Olds, construction men in the employ of the Fort Wayne Electric company, came in off the road this morning for the purpose of joining the Elks tonight.

M. J. Murphy and Roy Greek went to the Wabash hospital at Peru this morning to receive treatment, the former for sickness and the latter to have an injured hand dressed.

W. L. Turner resumed the duties of sealer at the Nickel Plate yards yesterday, after an absence of a week on account of the sickness of his wife. The lady is improving.

Nickel Plate Engineer Joseph Bracht, who is suffering from rheumatism, has been granted a two months' leave of absence in order that he may take treatment.

J. E. Cramer, painter at the Pittsburg shops, is off duty today, completing a deal whereby he becomes the owner of a handsome dwelling property in the Tenth ward. He will move into the house in a short time.

The output of engines from the Pittsburg shops this week was not as great as it was last week, there being only seven. They were Nos. 129, 164, 18, 264, 236, 426 and 278. The vacated stalls were immediately taken by other crippled engines.

J. L. Frazier, the new superintendent of the Toledo, St. Louis and Western, yesterday removed his headquarters from Toledo to Frankfort, Ind. Chief Clerk Brooks, of Toledo, accompanied him to that point.

Passenger engine No. 2 is again hauling trains Nos. 4 and 5 on the west end of the Nickel Plate, after going through general repairs in the Stony Island shops. Engineers W. D. Miller and George Cooper alternate at the throttle on these runs.

O. P. Reese, of the Pittsburg machine shop, is off duty endeavoring to reduce a contusion upon his head that nature did not intend he should wear. The bump is the result of a fall while skating last night. Mr. Reese is congratulating himself upon escaping more serious injury.

Joseph Nichter, the machinist, who has been employed continuously in the Wabash shops since September, 1861, went to the company's hospital at Peru this morning for treatment for an injured foot. The member was hurt last evening by a car wheel falling upon it. Luckily none of the bones were broken, though the foot is painfully bruised.

Because the general foreman discharged thirty men, alleging that there was no work for them, about 200 employes of the Washington, Ind., shops of the Baltimore and Ohio Southwestern road went on a strike. The men claim that their comrades were dismissed because they were members of a labor union.

F. Reul Baldwin, eastern agent of the Base works, sent in an order yesterday for three 150-horse power boilers and a cross-compound Corliss engine of 700 horse power capacity. The machinery is for a power station for the Oneonta, Cooperstown and Richfield Springs Electric Railway company, to be located at Hartwick.

There were several minor accidents in the Pittsburg shops yesterday, included being the following: Fred Dickmeyer, sliver in his hand; J. F. Schopphurst, thumb mashed with a hammer; A. D. Noble, right arm scalded; M. A. Mayers, little finger injured by a hammer. J. Camperman, J. M. Stevens, S. R. Brown and A. R. Jay, of the shops, are sick.

Options are being obtained for a railroad a mile long that will give the Pennsylvania and the Baltimore and Ohio a more direct route from Cleveland to Pittsburg. The Pennsylvania at Niles, Ohio, will be connected with the Baltimore and Ohio at Deforest, both roads will then use the Baltimore and Ohio between Niles and Ravenna and the Cleveland and Pittsburg between Ravenna and Cleveland.

Joseph Ramsey, president of the Wheeling and Lake Erie, says the company will lay 100 miles of eighty-pound rails on that road between Masillon and Toledo, making improvements to the Adena branch and installing heavier coal unloading machinery at the dock at Port Huron. The amount to be expended in this direction will total over $1,000,000. He is quoted as saying that these improvements do not include $2,500,000 to be spent in equipment. Contracts for 2,500 cars, including 2,000 coal cars and 500 box, have been awarded. The company has also ordered twenty-five heavy locomotives.

President Fish, of the Illinois Central, does not believe that pooling is the cure-all for the ills that affect the rate situation. He is unalterably opposed to pooling, and on this subject he says: "I am convinced that pooling would not effect the cure of the disease for which it is prescribed. Experience has taught the lesson, and taught it effectually. If there are, for example, ten lines of railway between two given points, and it is proposed to organize a pool, one of two things is almost certain to happen. Either one of the ten lines will refuse to come into the pool, or coming in, will break its agreement, or some one with money will come along and build a parallel line between the pooling cities. Either is fatal to the pool or to the maintenance of rates."

Joseph E. Bursley, of the Pennsylvania, has returned from a business trip to Pittsburg. He witnessed the arrest there of three crooks who robbed Maurice Kaufmann, of Chicago, of a diamond pin worth $85. The theft occurred as Mr. Kaufmann was getting on the train. He immediately missed the pin and reported the loss to the Pennsylvania police at the depot, who arrested the thieves in a few moments. Kaufmann refused to stop in Pittsburg to appear in court against the men, and as they had tickets to Chicago, they were allowed to go on there, being watched en route by Lieutenants Harrod and Gibbons. There they were arrested by the lieutenants and are now in jail awaiting extradition papers. The men gave their names as P. J. Dell, John Moore and Harry Golden, and it is alleged that their photographs were sent out by the Pittsburg police department two weeks ago, accompanied by a statement of some of the alleged crooked acts they have been guilty of.

HONOR OFFICIALS

MINE WORKERS RE-ELECT OLD LEADERS.

MITCHELL, PRICE AND WILSON

FULLY VINDICATED BY THEIR FOLLOWERS.

NO CONTEST IN CONVENTION

DELEGATES GET DOWN TO THE WORK OF MEETING.

Indianapolis, Jan. 24.—The miners' convention re-elected Mitchell president, Wilson secretary and Lewis vice president. These are the officers who were exonerated by the convention of charges preferred by Miss Meredith.

The delegates were apparently ready to get right to work from the start at the opening session of the convention today. The credentials committee was first called and the question of the seating of delegates from district No. 5 was taken up.

The eligibility of five delegates from district No. 5, Pittsburg, was questioned by the committee, which recommended that as the local unions sending those delegates were in arrears on dues, the delegates be not seated.

Pat Dolan, of district No. 5, made a motion to seat them, but the motion was tabled. Thereupon the report of the committee on credentials was received.

Pat Dolan contended that the committee on credentials had not favored district No. 5 and that the district had acted honestly and deserved recognition. He said that district No. 5 was the only district whose delegates were thrown out.

But the convention maintained that local unions that have not paid their dues promptly ought not to be allowed representation in the convention and refused to act in his favor.

The following officers were then reelected without a contest: President, John Mitchell; vice president, T. L. Lewis; secretary-treasurer, W. B. Wilson.

There were no other candidates for these three offices and the entire ballot of the convention was cast for them by the secretary. The only opposition was in the form of a communication sent up to the secretary after the ballot had been cast, protesting against the unanimous election of T. L. Lewis as vice president. The protest came from the delegate from local union No. 319, in Ohio, the state that Vice President Lewis comes from, and was not read to the convention.

The protest was regarded by the officers to whose notice it came as not worthy of official or formal recognition.

TOWNSHIP TRUSTEES MEET

OVER SIX HUNDRED GATHER AT INDIANAPOLIS.

Interesting Program Is Presented—Hon. J. M. Bloss Is Chosen to Presidency.

Indianapolis, Ind., Jan. 23.—The following officers were today elected by the Indiana Trustees' association:

President, Hon. John M. Bloss, Delaware county, ex-state superintendent of public instruction; vice president, Bernard McAfee, Lawrence county; secretary, Pearson Mendenhall, Marion county; treasurer, Edson Sauber, Kosciusko county.

Nearly every county in the state was represented at the opening session of the association in the state house yesterday. There were over six hundred trustees present, the largest number that ever attended a convention of the association. Vice President Harry E. Penny, of Wayne county, presided at the meeting, as President James D. Reid was unable to be present. During the morning the trustees were addressed by Governor Durbin, who spoke at length on the need of economy and the good that might be achieved for the people from intelligent administration of the recent reform laws.

At the afternoon session E. R. Monroe read a paper on "County Associations," which was liberally discussed. The most important discussions during the afternoon were on the questions "School Sanitation" and "School Consolidation." Professor Burrage, of Purdue university, read a paper on the former subject, and Dr. Hurty, secretary of the state board of health, led in the discussion. The subject was especially interesting to the trustees who have charge of a number of small schools that are badly heated and ventilated. Both Mr. Burrage and Dr. Hurty emphasized the need of properly constructed school buildings.

Charles A. Van Metre, of Delaware county, spoke on "School Consolidation," and Frank L. Jones, state superintendent of schools, led the discussion. This subject has been an important one before the trustees for some time. Mr. Van Matre pointed out the need of consolidating the schools in a township. He said that in a township where there are twelve or less schools they should be consolidated. This would give the children many advantages of the present system, the most important of which would be the high school course in the same building. He said the parents might think it a great inconvenience at first, but they would soon realize the additional advantages given their children.

DISTRICT CHAIRMEN CHOSEN.

At the election of the nominating committee, the members of which will also act as district chairmen, the following trustees were chosen:

First District—O. C. Shandy, Petersburg.

Second District—B. McAfee, Mitchell.

Third District—James Young, Prather.

Fourth District—W. F. Rector, Lancaster.

Fifth District—W. S. Perkins, Terre Haute.

Sixth District—Oran Sanders, Knightstown.

Seventh District—Frank McCaslin, Marion county.

Eighth District—Thomas Johnson, Randolph.

Ninth District—James J. Reeder, Camden.

Tenth District—Mr. Beef.

Eleventh District—Phil S. Sullivan, Peru.

Twelfth District—Levi W. Laird, Columbia City.

Thirteenth District—William Fenstermaker.

The committee on resolutions is composed of Trustees Pulling, of South Bend; Mr. Patton, of Hartford City, and Mr. Hoeferkemp, of Ripley county.

CATARRH OF THE STOMACH

A PLEASANT, SIMPLE, BUT SAFE AND EFFECTUAL CURE FOR IT.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of

gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played-out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of diastase, aseptic pepsin, a little nux, golden seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

MARTIN STAFFORD FINDS RELIEF IN COLORADO.

WRITES A CHEERFUL LETTER

HOPES TO RETURN HOME IN MARCH A WELL MAN.

ALLEGED DIAMOND THIEVES

PLUCKED A PIN IN PITTSBURG AND NABBED IN CHICAGO.

A letter received this morning by Road Foreman C. R. Colney, of the Pennsylvania, from Martin Stafford brings news which will be most welcome to the hosts of friends of the latter gentleman. Mr. Stafford is sojourning in Colorado in the hopes of receiving physical benefits and he writes that there has already been an improvement in his condition, though he has been there less than a month. He will remain in Denver or in that vicinity until the last of March. Mr. Stafford is one of the old engineers on the Pittsburg road, his term at the throttle commencing in April, 1874. The company gave him a leave of absence of three months and the officials hope to see him return in good health.

INDUSTRIAL NOTES.

Pittsburg Brakeman Unser is sick. Flagman P. J. McCleery is taking a rest.

Pittsburg Boiler Foreman Frank Sarver made a business trip to Chicago last night.

Chief Car Inspector W. W. Todd, of the Pennsylvania, is in Pittsburg today on railway business.

Machinist Charles Mills, of the Wabash shops, and his wife, are confined to their home by sickness.

W. A. Strader and John Rost, jr., resumed work in the Pittsburg shops this morning. They were sick.

Engineer J. Voirol has a lame back and Fireman D. J. Jenness has a lame arm and are not on duty on the Pittsburg today.

Prince Henry, in his tour of the United States, will ride in a Pullman car which is now being fitted up for him at the shops.

Brakeman J. H. Morrow, of the Pittsburg, sprained his back by slipping at the east yards yesterday and will be unable to work for awhile.

The Lake Erie and Western has contracted for 10,000 tons of new steel rails for delivery this season and has an option at the same figure for an increased tonnage.

A. A. Rice, foreman of blacksmiths, and F. J. Boadefeld, foreman of carpenters, of the Lake Shore shops at Elkhart, were visitors at the Pennsylvania shops this morning.

Jacob Hilgeman and Bert Olds, construction men in the employ of the Fort Wayne Electric company, came in off the road this morning for the purpose of joining the Elks tonight.

M. J. Murphy and Roy Greek went to the Wabash hospital at Peru this morning to receive treatment, the former for sickness and the latter to have an injured hand dressed.

W. L. Turner resumed the duties of sealer at the Nickel Plate yards yesterday, after an absence of a week on account of the sickness of his wife. The lady is improving.

Nickel Plate Engineer Joseph Bracht, who is suffering from rheumatism, has been granted a two months' leave of absence in order that he may take treatment.

J. E. Cramer, painter at the Pittsburg shops, is off duty today, completing a deal whereby he becomes the owner of a handsome dwelling property in the Tenth ward. He will move into the house in a short time.

The output of engines from the Pittsburg shops this week was not as great as it was last week, there being only seven. They were Nos. 129, 164, 18, 264, 236, 426 and 278. The vacated stalls were immediately taken by other crippled engines.

J. L. Frazier, the new superintendent of the Toledo, St. Louis and Western, yesterday removed his headquarters from Toledo to Frankfort, Ind. Chief Clerk Brooks, of Toledo, accompanied him to that point.

Passenger engine No. 2 is again hauling trains Nos. 4 and 5 on the west end of the Nickel Plate, after going through general repairs in the Stony Island shops. Engineers W. D. Miller and George Cooper alternate at the throttle on these runs.

O. P. Reese, of the Pittsburg machine shop, is off duty endeavoring to reduce a contusion upon his head that nature did not intend he should wear. The bump is the result of a fall while skating last night. Mr. Reese is congratulating himself upon escaping more serious injury.

Joseph Nichter, the machinist, who has been employed continuously in the Wabash shops since September, 1861, went to the company's hospital at Peru this morning for treatment for an injured foot. The member was hurt last evening by a car wheel falling upon it. Luckily none of the bones were broken, though the foot is painfully bruised.

Because the general foreman discharged thirty men, alleging that there was no work for them, about 200 employes of the Washington, Ind., shops of the Baltimore and Ohio Southwestern road went on a strike. The men claim that their comrades were dismissed because they were members of a labor union.

F. Reul Baldwin, eastern agent of the Bass works, sent in an order yesterday for three 150-horse power boilers and a cross-compound Corliss engine of 700 horse power capacity. The machinery is for a power station for the Oneonta, Cooperstown and Richfield Springs Electric Railway company, to be located at Hartwick.

There were several minor accidents in the Pittsburg shops yesterday, included being the following: Fred Dickmeyer, silver in his hand; J. F. Schoppharst, thumb mashed with a hammer; A. D. Noble, right arm scalded; M. A. Mayers, little finger injured by a hammer. J. Camperman, J. M. Stevens, S. R. Brown and A. R. Jay, of the shops, are sick.

Options are being obtained for a railroad a mile long that will give the Pennsylvania and the Baltimore and Ohio a more direct route from Cleveland to Pittsburg. The Pennsylvania at Niles, Ohio, will be connected with the Baltimore and Ohio at Deforest, both roads will then use the Baltimore and Ohio between Niles and Ravenna and the Cleveland and Pittsburg between Ravenna and Cleveland.

Joseph Ramsey, president of the Wheeling and Lake Erie, says the company will lay 100 miles of eighty-pound rails on that road between Masillon and Toledo, making improvements to the Adena branch and installing heavier coal unloading machinery at the dock at Port Huron. The amount to be expended in this direction will total over $1,000,000. He is quoted as saying that these improvements do not include $2,500,000 to be spent in equipment. Contracts for 2,500 cars, including 2,000 coal cars and 500 box, have been awarded. The company has also ordered twenty-five heavy locomotives.

President Fish, of the Illinois Central, does not believe that pooling is the cure-all for the ills that affect the rate situation. He is unalterably opposed to pooling, and on this subject he says: "I am convinced that pooling would not effect the cure of the disease for which it is prescribed. Experience has taught the lesson, and taught it effectually. If there are, for example, ten lines of railway between two given points, and it is proposed to organize a pool, one of two things is almost certain to happen. Either one of the ten lines will refuse to come into the pool, or coming in, will break its agreement, or some one with money will come along and build a parallel line between the pooling cities. Either is fatal to the pool or to the maintenance of rates."

Joseph E. Bursley, of the Pennsylvania, has returned from a business trip to Pittsburg. He witnessed the arrest there of three crooks who robbed Maurice Kaufmann, of Chicago, of a diamond pin worth $85. The theft occurred as Mr. Kaufmann was getting on the train. He immediately missed the pin and reported the loss to the Pennsylvania police at the depot, who arrested the thieves in a few moments. Kaufmann refused to stop in Pittsburg to appear in court against the men, and as they had tickets to Chicago, they were allowed to go on there, being watched en route by Lieutenants Harrod and Gibbons. There they were arrested by the lieutenants and are now in jail awaiting extradition papers. The men gave their names as P. J. Dell, John Moore and Harry Golden, and it is alleged that their photographs were sent out by the Pittsburg police department two weeks ago, accompanied by a statement of some of the alleged crooked acts they have been guilty of.

MINE WORKERS RE-ELECT OLD LEADERS.

MITCHELL, PRICE AND WILSON

FULLY VINDICATED BY THEIR FOLLOWERS.

NO CONTEST IN CONVENTION

DELEGATES GET DOWN TO THE WORK OF MEETING.

Indianapolis, Jan. 24.—The miners' convention re-elected Mitchell president, Wilson secretary and Lewis vice president. These are the officers who were exonerated by the convention of charges preferred by Miss Meredith.

The delegates were apparently ready to get right to work from the start at the opening session of the convention today. The credentials committee was first called and the question of the seating of delegates from district No. 5 was taken up.

The eligibility of five delegates from district No. 5, Pittsburg, was questioned by the committee, which recommended that as the local unions sending those delegates were in arrears on dues, the delegates be not seated.

Pat Dolan, of district No. 5, made a motion to seat them, but the motion was tabled. Thereupon the report of the committee on credentials was received.

Pat Dolan contended that the committee on credentials had not favored district No. 5 and that the district had acted honestly and deserved recognition. He said that district No. 5 was the only district whose delegates were thrown out.

But the convention maintained that local unions that have not paid their dues promptly ought not to be allowed representation in the convention and refused to act in his favor.

The following officers were then re-elected without a contest: President, John Mitchell; vice president, T. L. Lewis; secretary-treasurer, W. B. Wilson.

There were no other candidates for these three offices and the entire ballot of the convention was cast for them by the secretary. The only opposition was in the form of a communication sent up to the secretary after the ballot had been cast, protesting against the unanimous election of T. L. Lewis as vice president. The protest came from the delegate from local union No. 319, in Ohio, the state that Vice President Lewis comes from, and was not read to the convention.

The protest was regarded by the officers to whose notice it came as not worthy of official or formal recognition.

TOWNSHIP TRUSTEES MEET

OVER SIX HUNDRED GATHER AT INDIANAPOLIS.

Interesting Program Is Presented—Hon. J. M. Bloss Is Chosen to Presidency.

Indianapolis, Ind., Jan. 23.—The following officers were today elected by the Indiana Trustees' association:

President, Hon. John M. Bloss, Delaware county, ex-state superintendent of public instruction; vice president, Bernard McAfee, Lawrence county; secretary, Pearson Mendenhall, Marion county; treasurer, Edson Saaber, Kosciusko county.

Nearly every county in the state was represented at the opening session of the association in the state house yesterday. There were over six hundred trustees present, the largest number that ever attended a convention of the association. Vice President Harry E. Penny, of Wayne county, presided at the meeting, as President James D. Reid was unable to be present. During the morning the trustees were addressed by Governor Durbin, who spoke at length on the need of economy and the good that might be achieved for the people from intelligent administration of the recent reform laws.

At the afternoon session E. B. Monroe read a paper on "County Associations," which was liberally discussed. The most important discussions during the afternoon were on the questions "School Sanitation" and "School Consolidation." Professor Burrage, of Purdue university, read a paper on the former subject, and Dr. Hurty, secretary of the state board of health, led in the discussion. The subject was especially interesting to the trustees who have charge of a number of small schools that are badly heated and ventilated. Both Mr. Burrage and Dr. Hurty emphasized the need of properly constructed school buildings.

Charles A. Van Matre, of Delaware county, spoke on "School Consolidation," and Frank L. Jones, state superintendent of schools, led the discussion. This subject has been an important one before the trustees for some time. Mr. Van Matre pointed out the need of consolidating the schools in a township. He said that in a township where there are twelve or less schools they should be consolidated. This would give the children many advantages of the present system, the most important of which would be the high school course in the same building. He said the parents might think it a great inconvenience at first, but they would soon realize the additional advantages given their children.

DISTRICT CHAIRMEN CHOSEN.

At the election of the nominating committee, the members of which will also act as district chairmen, the following trustees were chosen:

First District—O. C. Shandy, Petersburg.

Second District—B. McAfee, Mitchell.

Third District—James Young, Prather.

Fourth District—W. F. Recter, Lancaster.

Fifth District—W. S. Perkins, Terre Haute.

Sixth District—Oran Sanders, Knightstown.

Seventh District—Frank McCaslin, Marion county.

Eighth District—Thomas Johnson, Randolph.

Ninth District—James J. Reader, Camden.

Tenth District—Mr. Reef.

Eleventh District—Phil S. Sullivan, Peru.

Twelfth District—Levi W. Laird, Columbia City.

Thirteenth District—William Fenstermaker.

The committee on resolutions is composed of Trustees Pulling, of South Bend; Mr. Patton, of Hartford City, and Mr. Hoeferkemp, of Ripley county.

WANT DEED SET ASIDE.

Detroit, Jan. 24.—A bill was filed in the circuit court here today, asking that the deed of the Hammond building, a ten-story structure at the corner of Fort and Griswold streets, which is worth in excess of $1,000,000, be set aside and held for naught, as being in violation of the statutes of alienation. The deed runs to Charles F. Hammond from his mother, Mrs. Ellen H. Hammond, widow of the former well known packer. A trust deed to Charles F. Hammond by his mother, made in 1895, is also asked to be set aside on the same grounds. By it she was to have such part of the profits of the building during her life as she desired and it directed that in the event of her death before 1909 Hammond should in that year divide the building among five of her children. The bill is filed by Annie Hammond Casgrain, a daughter of George H. Lee, a grandson, who, if the deed is not set aside, will not share in the division of the building. The bill claims that the deed suspends the title to the property longer than is permitted by law.

25 Per Cent. OFF. **Underwear Underpriced!** 25 Per Cent. OFF.

With the worst of winter and all its expenses coming, don't spent $1.00 where 75c will do.

Don't deceive yourself into thinking that winter is over and you don't need any underwear. It's a mistake.

We're selling very fine merino, cotton and wool, or fleece-lined underwear. Everything from 75c to $4.00 a suit at just ¾ of its value. A chance to save money, surely.

If it's a good thing SLAVEY'S have it.

We Are Making a Deep Cut..,

On everything in our store. Our inventory is completed and we find a number of goods that must be moved regardless of price. Lots of odds and ends going at cost and below. We don't do this kind of business very often, but when we do it means something. Here are samples of our prices:

Extra heavy Tin Stew Kettles, 10c, 15c, 20c, 25c and 30c.

PLANISHED TEA and COFFEE POTS, with heavy copper bottom, only 10c, 20c and 25c.

These goods are as showy as nickeled ware. If you saw these goods you would not think it possible that they could be sold for this money in gross lots. But here they are, at the prices stated, while they last.
